

myaudioart **MA3c**

Your individual sized Flat-Hifi-System

Infinite design options in an outstanding printing quality

... more than 600 images in our database

... additional selection of exclusive artists

... your own favourite portraits, photos or images

... easy to change prints

Your Hifi soundsystem is a picture on the wall

- without visible cables and speakers
- brilliant sound quality despite low depth
- unlimited design options
- choose your own frame size

Wireless connectivity from your smartphone or tablet via Bluetooth®

The innovative technology allows a breathtaking and crystal clear sound despite its ultra-slim designs. Choose your favorite frame size and amaze your guests with music out of nowhere.

myaudioart Flat HiFi-Systems offer attractive solutions for your interior design.

The **MA3i** sound module is mounted behind a textile covered aluminium frame of any size. The combination of both is called **MA3c** and can be integrated in any room concept.
